MATERIAL SAFETY DATA SHEET

Manufacturer:

Kentucky Electric Steel Corporation

Date: 01/02/87

For Additional Information, contact:

Supervisor of Safety

Product Name:

Synonym(s):

CARBON STEEL GRADES

ASTM SPECIFICATIONS LATEST REVISION

==============TYPICAL CHEMICAL COMPOSITION=================

Ingredients	CAS No.	Wt. %	OSHA PEL		ACGIH TLV
Iron	74 39-89-6	Balance	10 (4)		5 (4)
Manganese	7439-96-5	.40-1.5	5.0(7)	•	1.0(8)
Trace Elements	NA	LT 1.0	NA		NA

Physical State:

Solid

Appearance and Odor:

Grey Metal; odorless

Boiling Point:

NA

Melting Point:

2800°F

Solubility in Water

NA

pH:

NA

Specific Gravity: 7.6 - 7.8

Vapor Pressure:

NA

Vapor Density:

NA

Evaporation Rate:

AΙ

% Volatile by Volume:

NA

This product does not meet the criteria of a hazardous chemical as defined by the Federal Occupational Safety and Health Hazard Communication Standard (29 CFR1910.1200(c). This form is being provided soley as general information and should not be construed as a determination that the product is a hazardous chemical.

1265421

======================================
Not Applicable
======================================
Stability: Stable
Incompatibilities (Materials to avoid): Acids
Hazardous Decompositin Products: Fumes and/or gases produced from welding or burning operations.
Polymerization: Will not occur
======================================
Health Effects/Signs and Symptoms: Exposure to the constituents of these products will only occur during welding or burning. However, because of the low toxicity of the components, these products are not considered to be hazardous chemicals as defined by the federal OSHA Hazard Communication Standard.
However, for additional information, users may wish to consult the American National Standard on "Safety in Welding and Cutting" (ANSI Z49.1-1983) which is published by the American Welding Society.
Usual Route(s) of Entry: Inhalation
Medical Conditions Possible Aggravated: Chronic diseases or disorders of the respiratroy system.
Carcinogen Information: Not considered to be a carcinogen.
======================================
Eye Contact: Not anticipated to pose a significant eye hazard.
Skin Contact: Not anticipated to pose a significant skin hazard.
Inhalation: Remove from excessive exposure levels unless proper respiratory protection is worn.
Ingestion: Not considered an ingestion hazard.
======================================
Engineering Controls (Ventilation, etc.): Ventilation should be sufficient to maintain exposure levels below the applicable exposure limit.

)
